

Don't wait for next summer to show off your legs

If you have varicose veins or spider veins, VIVA can help.

Our extensively trained, board-certified interventional radiologists and vascular surgeons are experienced in providing:

- Medical and cosmetic repair
- A thorough diagnosis to identify any underlying medical problems
- Treatment considered to be the safest and most effective way to treat unsightly veins

Call us today at (540) 654-9118
for a no-obligation consultation or
